#### FILING OF DRAWINGS

Dear Sir:

The above identified-patent has been allowed, and indeed the Final Fee is due 03/17/98. The prosecution has been taken over by a new attorney, and the file of the case has been turned over to the new attorney only about one or two weeks ago.

There were no new drawing in the file. However, the foreign patent has been taken to examination, and the formal drawings are in another file. The foreign drawings have been copied on bond paper, and answer to the drawing requirements. They are filed herewith.

There is something about a drawing requirement correction and a fee for this in the file. I do not know what the fee is to be. If the Drawing Examiner will call me, the fee will be paid promptly.

I represent that the formal assignment will be filed within about two weeks.
